The Montessori Teacher's Workbook

1. What are the differences between a traditional and a Montessori Teacher?

2. List the three main aims of a Montessori Teacher Training Course:

3. Understanding Your Past - Did you like school as a child?

What teaching methods did your teacher use? Can you remember?

What do you wish they did differently?

What do you need to change?

4. Transformation

How can you transform yourself to become the Montessori Teacher you need to be?

What will you do differently to transform the lives of the children you will be working with?

5. Preparation

How can you prepare yourself spiritually?

How can you prepare yourself mentally?

How can you prepare yourself daily?

6. What are the alternative names used to refer to a teacher in the Montessori setting?

7. Explain in your own words how these names help you understand your role in the classroom as a Montessori Teacher.

8. This is a journey of discovery. When you are ready let's talk about your progress and move you on to success in the Montessori Environment.

I will do 4 one hour sessions with you via Skype or WhatsApp to work you through the process.

As always if you have any questions, comments, feedback do not hesitate to contact me.
